

PALMIYE

MOTION

SERIES

From Manual to Motorized, **All in Motion.**

DESIGN. INNOVATION. FREEDOM OF CHOICE.

The Motion Family is built on one simple idea: freedom of choice. Whether you prefer the authentic feel of a manual pergola or the convenience of motorization, you'll enjoy the same elegance, quality, and innovation in every solution.

DESIGNED FOR EVERY NEED

Two solutions. Unlimited possibilities.

From the simplicity of the manual Motion to the effortless comfort of Motion X – each solution is crafted with the same European quality, refined design, and innovative spirit.

Manual

MOTION

WORLD'S BEST MANUAL PERGOLA

Motion is a manually operated shading solution offering simplicity, control, and elegance.

Built for outdoor spaces, it delivers functionality without complexity.

Palmiye Motion removes the superfluous and restores the authentic value — it's a pergola that moves with you.

Manual, intuitive, and beautifully minimal.

THE BEST-DESIGNED MANUAL PERGOLA

The mechanism is housed within the vertical post and features an integrated pull-down handle that allows panel rotation—up to 90°.

Seamless design. Effortless movement.

Pure engineering excellence.

DETAILS

Dimensions	300x300 cm
	300x400 cm
	350x400 cm
	400x400 cm
	400x500 cm
Control	Integrated Handle
Panel Rotation	90°
Water Outlet	Hidden Drainage

OPTIONS

Lighting (Perimeter)	Warm White
	Warm White+RGB
Coating	Qualicoat Seaside
Ground Connection	Inox

MANUAL BUT NEVER ORDINARY.

Behind its clean lines and silent operation lies a patented mechanism that transforms manual pergolas.

It's precision, without the complexity.

Motorized

MOTION X

WHERE CONTROL BECOMES COMFORT

Motion X is created for those who desire minimalism without compromise. A compact profile, an immaculate silhouette, and a motion experience that feels natural.

Every component is engineered for integrity—stable, sealed, accurate—so the space remains calm while the system does the work.

Power is hidden; control is effortless.

CRAFTED FOR SPACES THAT DESERVE MORE

From high-end villas to signature commercial projects, Motion X unites architectural elegance with advanced technology. With refined finishes, silent movement, and precision-engineered performance, it brings effortless luxury to every outdoor space.

HIGH QUALITY CLOSING FUNCTION

A linear actuator applies firm, uniform pressure in the closed position, ensuring precise alignment and a tight seal. Inspired by the smooth motion of aircraft flaps, the system delivers confident performance without noise, enhancing comfort and weather protection every time.

INSTALLATION

Both types offer flexible mounting options: wall, ceiling, or freestanding on their own posts.

Wall-Mounted

Ceiling-Mounted

Freestanding

MODULARITY

Its modular structure allows coverage of unlimited square meters of space.

Single Module

Two Modules

Four Modules

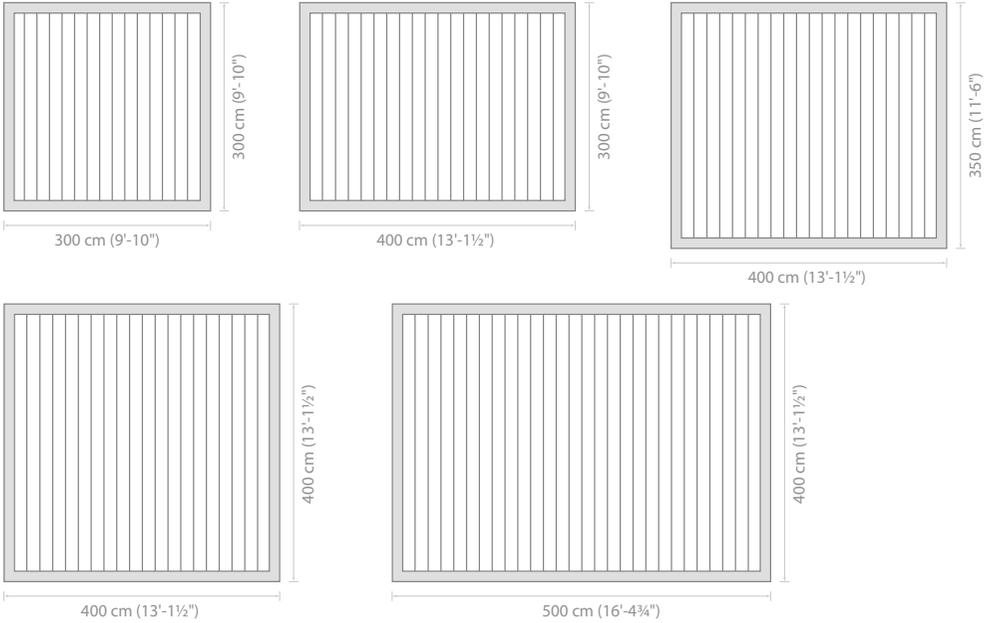

DIMENSIONS & COLOR OPTIONS

All configurations — 3x3, 3x4, 3.5x4, 4x4 and 4x5 meters — maintain the same level of material quality, finish, and mechanical integrity. Optional perimeter lighting are standard with every size.
