BESPOKE AWNINGS & BLINDS

*Family owned James Robertshaw has over 160 years experience of designing, manufacturing and installing bespoke awnings, coverings and blinds for the specific needs of operators in the leisure & hospitality, blind & curtain trade and residential sectors.*

## About Us.

*Our story began back in 1860, when Mr James Robertshaw of Collyhurst, Manchester set up shop manufacturing traditional box shop awnings, complete with hand-carved woodwork. Added to this were metal roller blinds and other companion components, all fabricated on-site, beginning an unbroken trading history spanning an incredible seventeen decades, three centuries and two millennia.*

During those first one hundred years, JR cemented its company status with a number of patents, including its famous 'Spring Roller' design in 1908. That commitment to innovation and technical advancement remained at the heart of the organisation ever since

From the Victorian age of the Industrial Revolution, through two World Wars and more than a few depressions, the company survived and thrived. It re-located from its original factory in Collyhurst and settled in a historical spinning mill in Farnworth.

The business stayed within the Robertshaw family until the death of James' grandson, William Lancelot Robertshaw in 1960 and was purchased by then Production Manager Arthur Harrison. It is then that the modern story of JR really begins.

In 1978, the company was taken over by 25 year old Nigel Sharrock, who would carry the JR brand from out of its Victorian history and into the modern world. For nearly forty years, Nigel continually strove to improve products, processes and service that JR is renowned for.

After Nigel's retirement in 2016, JR is still a family owned and managed business with Nigel's wife, Lesley and son Matthew, joining him sitting on the board of directors. In 2010 after 50 years at its Farnworth home, JR re-located again to its current, modern facilities and headquarters at Horwich, Bolton

All products are designed, manufactured and showcased within our current home and Customer Centre. With a wide reaching client base ranging from trade sub-dealers; independent bars and national hospitality brands; architects, contractors, residential, education and health-care; James Robertshaw has the creativity, expertise and knowledge to make a visible difference to any business or home.

**James Robertshaw. We don't just find the solution, we create it.**

## Bobcat | Storbox 250 - Elegant and Small.

*The Bobcat | Storbox 250, with its design and technology, offers the perfect balance between efficiency, strength, and lightness. An elegant design featuring aerodynamic lines that conceal the mechanical installation elements, helps to blend it into the most distinguished applications.*

The design gives an impeccable appearance of great aesthetic value and high quality. Easy to install and requiring little maintenance, whilst retaining a long-life span, a perfect full cassette system, for small spaces.

The UK public are becoming more accustomed to enjoying drinking and dining outdoors. Patios and decking areas at both residential locations and also commercial sites such as pubs, bars and restaurants are increasingly popular spaces to enjoy a meal, drinks and social gatherings. Designed to improve the appearance of outdoor residential and commercial spaces, a Bobcat | Storbox 250 protects users from both the sun, but also just as importantly any adverse weather conditions providing a reliable, durable, and dynamic shelter.

The maximum dimensions are 4,500mm width x 2,500mm projection, providing a maximum of 11.25m<sup>2</sup> of shade and coverage, the Bobcat | Storbox 250 patio awning is our entry-level, full cassette folding-arm awning system. With its modern and quadrilateral, flush and full cassette design, it integrates seamlessly within a variety of different architectural styles to the building's façade, giving a contemporary and solid appearance, when retracted.

### Bobcat | Storbox 250 – the perfect cassette for small spaces

#### For The End User

- > Its advanced design with aerodynamic lines makes it suitable for installation in numerous settings.
- > The cassette system protects the fabric and the awning mechanism when retracted.
- > It has the ideal dimensions for use in small spaces without sacrificing any key features.
- > 100% metal due to the use of aluminium lateral ends.
- > Available in both textured grey and white as standard colours.

#### For The Professional Installer

- > Easy adjustment of the arm by external screw and locking by internal screw.
- > Quick and easy installation.

## Technical Information.

### Specification:

- > Arms: 2
- > Width: 4,500mm
- > Projection: 2,500mm

### Operation:

- > Manual
- > Motorised
- > Automated

### Application:

- > Balconies
- > Terraces

### Recommendations:

Minimum width for recommended arms (mm)

Projection	Minimum width
	2 Arms
1,250	1,590
1,500	1,840
1,750	2,090
2,000	2,340
2,250	2,590
2,500	2,840

### Finishes:

- > Lacquer in accordance with QUALICOAT standards
- > Stainless steel screws and bolts
- > Arms with integral lacquering

### Accessories:

- > Valance

### Installation:

- > Wall
- > Ceiling

### Classification:

- > Wind: Up to 28 km/h
- > Durability: Min. 10,000 manoeuvres

### Arm Options:

- > LLAZA-ART System ART-250

LLAZA-ART System

### Dimensions:

- > Wall Installation with wall/ceiling plate

- > Ceiling Installation with wall/ceiling plate

- > Wall/ceiling plate (\*)

- > Wall/ceiling plate fix. chemical (\*)

### Pitch:

- > Wall

- > Ceiling

Max. dimensions for recommended fabrics (mm)

Width x projection		2 Arms
RECACRIL	RECACRIL	4,500 x 2,500
	RECSYSTEM	4,500 x 2,500
	RECWATER	3,750 x 2,000
RECSREEN	RecScreen 4000P - 1%	4,500 x 2,000
	RecScreen 6000 - 2%	3,500 x 2,000
	RecScreen 7000 - 3%	4,500 x 2,250
	RecScreen RAINLESS	3,750 x 2,000
PVC	RECAFLEX PRO	3,750 x 2,000

## Meet the Sales Team.

*James Robertshaw has a highly skilled and professional team working together with its clients to provide the right, bespoke solutions.*

With the same point of contact throughout the whole process, James Robertshaw will ensure all products are manufactured, delivered and installed on time and to budget.

The team of architects, designers, surveyors and installers are highly skilled and trained, capable of working to the tightest of deadlines and the most demanding of physical environments.

To find out more about James Robertshaw and its products, contact one of the sales team today.
